KENTO HONDA

WEB DEVELOPER

+1 (604) 671-3832 | kentos1112canada@gmail.com | **Portfolio website** | LinkedIn | GitHub

SUMMARY:

Web developer with +1 year of equivalent experience mainly in the FrontEnd field including work experience in my current company, my personal projects, and school projects. A quick learner and coding lover with an insatiable passion for self-improvement to grow more as a web developer.

SKILLS:

ReactJS | NextJS | Javascript(ES6) | Typescript | Redux | NodeJS | Express | HTML5 | CSS3 | SASS | Styled Components | Material UI | Chakra UI | Ant Design | Tailwind CSS | Bootstrap | jQuery | AJAX | MongoDB | Firebase | PostgreSQL | GraphQL | Jest | RESTful API | Git

WORK EXPERIENCE:

BuildN | FrontEnd Developer | 01 September, 2022 - Present | Vancouver, BC

Developing the FrontEnd part of BuildN's corporate web application with NextJS, Typescript, and Jira as the task management tool. Also, working as teams including collaborations with designers and BackEnd developers. Mainly I am in charge of creating reusable UI components, and functions connecting to the BackEnd part (API). Based on agile development, I handle sprint meetings every two weeks to enhance the quality of applications as well as work efficiencies.

SMC Corporation | Salesperson | 01 April, 2017 - 31 September, 2021 | Tokyo, Japan

Applied professional problem-solving skills to solve issues that clients had, resulting in increasing 20% sales by introducing appropriate products that I promoted.

PROJECTS:

ShoppingList-Mern-App | ReactJS, NodeJS, Express, MongoDB, ChakraUI, bcrypt, JWT

- MERN-stack application memorizing shopping items with MongoDB, Express, React, and NodeJS.
- Showcasing my skills such as developing a full-stack application with a good understanding of bcrypt and JWT, connecting MongoDB to React App, and styling with Chakra UI.

StudyLog | Typescript, ReactJS, Firebase, Tailwind CSS, Ant Design Chart, MerakiUI

- Helpful web application that analyzes and visualizes users' daily study records.
- Utilized Ant Design Chart to visualize data with line charts and manipulated users' data with firebase.

CountryBeen | Typescript, ReactJS, Redux, Firebase, TailwindCSS, DaisyUI

- Useful web application for remembering countries where users have been before.
- Applied Redux toolkit for state management with Typescript, and a React library (react-simple-map).

FreshMarche | ReactJS, Firebase, MaterialUI, Stripe API

- E-commerce-like application specializing in fruits and vegetables created with ReactJS and MaterialUI.
- Implemented CRUD operations with React-Router, applied Stripe API for the checkout section.

Doctor Appointment | ReactJS, Redux, MongoDB, Firebase, Styled-components

- **Group project** in school - Practical application for booking doctor appointments.
- Completed connecting React App to MongoDB, as well as utilizing firebase for user authentication.

EDUCATION:

2021 - 2022 | Cornerstone International Community College of Canada

Web Development - Diploma | Learned fundamentals of programming and experienced multiple team projects for gaining practical experience.

2012 - 2017 | Shiga University

Bachelor of Science in Economics
